

USER MANUAL FOR NIERBO CANVAS PROJECTION SCREEN

User Manual

Dear friend,

Thanks for purchasing NIERBO Projection Screen. It supports both front and rear projection, but front projection is better.

The following tips may be helpful to you before use it.

Part 1 How to Remove Creases of the Screen?

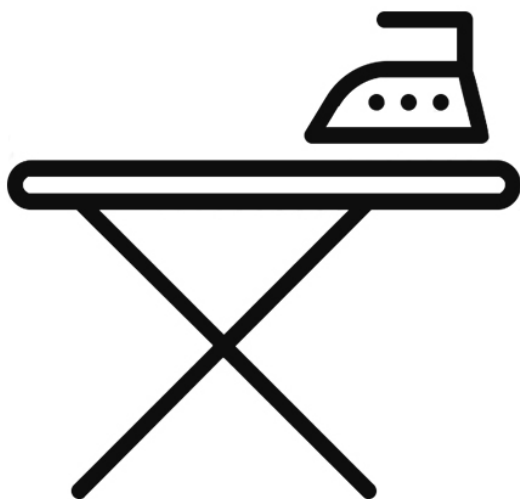

Open Package, check if it's perfect. If any problem, please contact service@nierbo.com

We will always be there and solve all your problem.

The brand new screen will have creases due to folding in the package.

You can use low heat iron to make it less or distinguish.

You can also hang it up tightly on a frame to help the creases gone.

Part 2 Size Description

There are 8 sizes for this projection screen, please make sure that the size in your hand is the same as the size you purchased;

Note: This projection screen is with flexibility, so there might be an tolerance($\pm 3\text{cm}$) in length and width, but it will not affect your usage.

Size(in)	Length*Width (cm)	Length*Width (in)
100	227x132	89.40x52.0
120	273x157	107.5x61.8
140	309x173	122 x 68.5
150	337x194	132.7x76.4
180	390x220	154.0x87.0
200	447x257	176.0x101.2
250	557x317	219.3x124.8
300	667x377	262.6x148.4

Part 3 Metal Eyelet and Diameter of Projector Screen

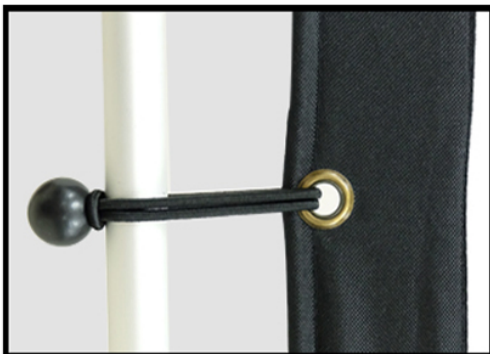

Note: The metal eyelets number of each size is not the same. This is related to how much nails you need to install it.

Size	Metal Eyelet(qty)	Eyelet diameter(cm/in)
100	16	1.5cm/0.59inch
120	16	1.5cm/0.59inch
140	20	1.5cm/0.59inch
150	22	1.5cm/0.59inch
180	26	1.5cm/0.59inch
200	28	1.5cm/0.59inch
250	34	1.5cm/0.59inch
300	36	1.5cm/0.59inch

Part 4 How to Install It?

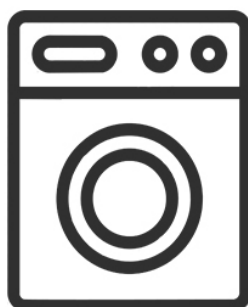

A. On the wall (Concrete wall, gypsum wall, wallpaper wall): Nails, hooks, screws, bolts, velcro

B. On the frame (PVC pipe frame, Alu frame, wood frame): Zip ties, bungee cords, ropes

Part 5 What If The Screen Gets Dirty?

You can wash it by hand and dry it by the dryer

Part6 DIY projection frames from NIERBO customers
