**NIERBO DIY PROJECTION SCREEN**

**User Manual**

Dear customer,

Thank you for purchasing NIERBO DIY projection screen. Since this screen is designed for tension-mounted installation, it's with stretchable soft PVC material. The wooden frame is recommended cause it could fix the screen perfectly to make it look like a picture frame. Screen full diagonal size is 110 inches, you can also cut it as needed, such as 16:9, 16:10, 4:3 format and etc.If there is any problem, please contact NIERBO customer service for help.

Email: [service@nierbo.com](mailto:service@nierbo.com).
